What do you do if someone on your team is being a bad sport?

- Try talking to him or her with a couple of other kids from the team.
- As a last resort, talk to the coach about it. A poor sport makes everyone on your team look bad.

What do you do if the bad sport is on the other team?

- If possible, ignore him or her.
- If things get really bad, call a timeout and have your team captain talk to the referee.
- If a fight breaks out, walk away and let the adults handle it.

With your group, play a tic-tac-toe tournament and practice “Sporting Behavior.”
